to experience the Cherry's difference!

Corporate ... the City would like to thank you for your outstanding service provided prior to and during our Civic Reception for over 1000 community members. Each year Cherry's plays an integral part at this function providing a very professional, flexible and reliable service to meet the needs of the City, making this event so successful. *City of Bayswater*

Christmas (in July or December) ... the food was awesome. The quality and quantity of the food service impressed all staff. I've been advised by my boss to book for July and December of next year already!

I look forward to future catered functions with Cherry's, as I can highly recommend them as a professional catering service with a personal touch. *Dowell Windows*

Any occasion ... I would like to thank the team at Cherry's Catering for the incredible catering and service that has been delivered during a number of recent events. Cherry's has provided a high quality of food and unobtrusive, friendly service staff always ensuring that all needs have been delivered in a professional manner.

It has been a pleasure working with you and will be sure to recommend you to others in the future. *CSIRO Minerals*

Schools I would thoroughly recommend the services of Cherry's Catering to any organisation that is looking for quality.

The presentation of your platters for the various functions that the College has held over the years has been outstanding. The service offered to Mercy College from the initial enquiry to the delivery of the food has been most professional. All this has been transacted with a friendly and efficient manner that has taken the hassle out of organising the various community functions at Mercy College.

I hope to continue using Cherry's because I know that any catering requirements (no matter how small) will be handled efficiently, delivered on time and within our limited budget. I am happy to recommend your services to anyone needing a professional catering company. *Mercy College*

Near or far ... I would like to pass on our appreciation to Cherry's Catering for providing exceptional catering services at the official opening ceremony of the Lancelin - Cervantes Stage 2 Indian Ocean Drive Project.

Main Roads was pleased with the feedback received from ceremony attendees regarding the catering service.

Your staff members were reliable, professional and provided excellent customer service which contributed to the success of the event.

Main Roads looks forward to working with Cherry's Catering again in the future. *Main Roads Western Australia*
